Hello and welcome to PS Soda, an independent company producing unique, hand-made sodas.

Our sodas are inspired by cocktails and incorporate culinary techniques to create a complex flavour palate that draws from Australian botanicals. With ingredients sourced from locally, P.S. is 100% natural.

Our range is ever expanding and includes seasonal and custom made editions.

Our debut flavours are: *Wattle Cola*, *Bush Tonic*, *Smoked Lemonade*, *Blackstrap Ginger* and *Grapefruit & Gentian*.

The sodas are designed to complement spirits but also hold their own as a stand-alone drink. Our custom soda flavours are developed out of collaborations with like-minded people. We design limited and ongoing editions. To know more, please contact us.

You can find us at PS40, our bar & factory and also at Archie Rose, Firedoor, Waterman's Lobster Co, Hunters and Gathers, Anason and Lot 1, all in Sydney.

PS40 is a cocktail bar in the heart of Sydney where we create our own hand-made PS Sodas. It is a collaborative creative space and our test ground for new and seasonal flavours which we serve on tap.

With a focus on suggested soda and spirit pairings and specialised cocktails, we put an emphasis on in house creations and a nose to tail approach.

Our 60 seater bar also serves a selection of bar snacks and craft wines and beers in an open cellar door set-up.
